Received "the Golden Key Award" in 2012 for a decade of outstanding contributions.

TXB CFO Bill Gross said, "*Under budget again, Carl you are the man. Look for a fat bonus check on your desk this week.*"

SENIOR PROJECT MANAGER

Serving the Oil & Gas/Refinery industries as a **Project Manager** since 2001 while achieving a 94.5% career success rate in completing multimillion-dollar capital projects on time and within budget with very few reportable injuries.

MANAGEMENT EXPERIENCE

TXB Refinery Inc., Katy, TX 12/1999 – Present

Project Manager (8/20001 to Present)

Expert in refinery piping according to blueprints and contract specifications; 95% of completed contracts were within budget; 94.5% of my projects were finished at or before deadline. Supervised a diverse crew of up to 88 professionals, maintained OSHA safety standards, saved an average of \$188,000 per year since 2001 by coming in under budget, complete routine engineering and safety change orders as required. TXB Refinery VP Carlos Quintana said, "*If it is mission critical you better get Carl Dalquist on it.*"

Quality Control Manager (12/1999 to 8/2001)

Closely monitored all operations for the TXB environmental impact department, carried out all OSHA Occupational Safety Training, performed regular weekly inspections to insure compliance, recorded and reported all production data to HQ, Wrote a new TXB Refinery quality control procedures manual resulting in increased efficiency and yearly cost savings averaging \$229,212., **promoted to Project Manager** in August 2001.

Dalton Contracting Inc., Katy, TX

Self-Employed Contractor and Consultant 1/1988 to 11/1999

Owner Operator of medium sized Contracting and Consulting Company with \$180K average annual revenue. Managed projects from \$30,000 to \$35,000,000 for oil and refinery industries. Supervised staff of 25 – 60 depending on work, contract and scope; handled office operations, field supervision, quality inspections, materials acquisitions. Have over 40 satisfied clients as professional references available on request.
